Learning Support Placement and Exit Codes for Students Entering Prior to Fall Quarter 1994

Prior to Fall Quarter, 1994, the following codes and definitions were used:

The definitions of Identification codes follow:

Code	Definition
E =	Exited LS after successfully completing all required course work and CPE
X =	Exempted LS by scoring high enough on CPE and meeting other institutional requirements for exemption
P =	Placed in LS
L =	Area was satisfied through alternative procedures approved by the Chancellor for international students and students whose native language is not English
U =	Unsuccessful exit attempt
N =	Career degree student who did not exempt LS in this area but whose program does not require LS in this area

An actual entry on the transcript would appear as follows:

CPER/68/0990/P.

This entry indicates that the CPE in Reading was administered in September, 1990 and that the student received a scale score of 68 and was placed in LS Reading.
